Wound Closure Sterile Strips

Dukal's Wound Closure Strips are designed to help secure, close and support cuts and wounds. The adhesive backing allows them to go on easily, while the thin non-woven fabric helps keep the wound closed without significant tension, edema, stretch or movement. These wound closure strips also provide ample support following early suture/staple removal.

FEATURES/BENEFITS:

- Adhesive backed, thin non-woven, reinforced fibers that are arranged in a bilateral pattern for high tensile strength
- Provides support following early suture/staple removal
- Keeps wound closed without significant tension, edema, stretch or movement
- Translucent and porous
